**A. HANRAHAN'S TAVERN**

The Committee was advised that this item had been withdrawn at the request of Hanrahan's Tavern and is to be rescheduled at a future date.

**B. 44 PROCTOR BLVD. - SECOND LEVEL LODGING HOUSE**

Alderman Don Drury declared a bias on this matter and excluded himself from participation and deliberations, but reserved the right to make a submission in this regard.

Mr. and Mrs. J. Aquila, Mr. Bert Allen, and Ms. J. Rapsavage attended on behalf of the neighbours who had signed the petition opposing the establishment of a Second Level Lodging Home at 44 Proctor Boulevard.

Mr. Manfred Rudolph attended on behalf of the owners of 44 Proctor Boulevard.

The Committee was in receipt of a report dated 1996 January 3 from the City Clerk respecting the above noted matter together with an affidavit of James Aquila dated 1996 January 3, and a letter from James Aquila dated 1995 December 31 to the City Clerk.

Doug Rose, Chief License Inspector, advised of two mistakes which had been made with regard to the issuance of a Second Level Lodging House Licence at 44 Proctor Boulevard. He referred to meetings on October 12, 1994 at which a commitment was made that Mr. Aquila would be informed of any developments made in respect to the application. Unfortunately, the individual looking after the file did not note this commitment and therefore did not keep Mr. Aquila informed. Mr. Schatz, the City Clerk, had formally apologized to Mr. Aquila in writing and by telephone.

Mr. Rose stated that the second error was in the processing of the application - when all departmental requirements had been met, the individual issuing the licence had omitted to list this on the monthly list of licences issued. He said the License Division was taking the matter very seriously and was taking steps to ensure that this kind of occurrence would not happen again.

Mr. Rose stated that a departmental recommendation was before the Committee requesting that the Committee approve the actions taken by the City Clerk in issuing the Second Level Lodging House Licence for 44 Proctor Blvd.

He then gave the history of the history of the property and the subsequent application, noting that the applicant had complied with all requirements but did not appear on the monthly list. He therefore was in a position where the licence had been issued but not ratified by the Committee.

Mr. Rudolph, attending on behalf of the owners, Danielle and Frank Ivankovic, advised that no formal notification had been given to his clients, he therefore was not attending as a Show Cause Hearing but to advise the Committee of the continuing non-conforming use.

Alderman Don Drury stated that he felt this was a land use issue and therefore not within the purview of the Licensing Committee to determine. He therefore suggested that the Committee not make a decision in this matter until such time as it had been dealt with by the appropriate Committee under the terms of the Municipal Act and Section 34 of the Planning Act.

Peter Lampman of the Building Department advised of the discontinuance of use and the subsequent re-application and approval of the use of 44 Proctor Boulevard as a six-bedroom residential facility in July of 1995.

Mr. James Aquila addressed the Committee with regard to his affidavit and his letter to the City Clerk. Mr. Aquila gave the background as contained in his affidavit and amended the date in item 5 to read July 23, 1992.

Alderman Don Drury referred to the over-proliferation of Second Level Lodging Homes and stated that in this instance, it was drawn to the attention of all parties as soon as the use was discontinued. He said he felt the remedy lay through the Committee of Adjustment or Planning Committee, but not through the Licensing Committee. He stated that the neighbourhood residents had constantly asked for an opportunity to speak on this issue but had only been given the opportunity that evening.

Responding to a question on jurisdiction, Ron Sabo of the Law Office stated that he was not sure what jurisdiction the Committee of Adjustment would have in this case, but did not feel they had any more jurisdiction than the Licensing Committee. He said it was up to the Licensing Committee to decide whether the Licence should be issued. Presently, the Licensee had a paper licence which the Committee had not approved. Mr. Sabo stated that if the Committee wished, they could call for a Show Cause Hearing in this matter.

Mr. Rudolph asked Mr. Lampman for his opinion regarding the legal non-conforming use after reviewing the affidavit and relevant information. Mr. Lampman stated that the Building Department stood behind its decision that, in accordance with the affidavit, the property was in continuance of its non conforming use.

Mr. Rudolph disagreed with Alderman Drury and stated that he felt that the matter was appropriately before the Licensing Committee. He then referred to James Aquila's affidavit and said the Committee had to look at the use versus intent. In regard to intent, he said his clients were respectable people and their intent all along had been to use the property as a Second Level Lodging Home. In fact, they had purchased the property for use a Second Level Lodging Home.

Alderman Drury made a submission with respect to jurisdiction and Section 110 of the Municipal Act and said he did not feel the Licensing Committee had the authority to make a decision with regard to land use.

Mr. Rudolph submitted that in his opinion, the Licensing Committee did have jurisdiction over this matter.

At this point, the Committee retired in camera to deliberate.

Reconvening in open session, the Chairperson advised that the Committee appreciated the area residents concern, but that the submission was not enough to deny the licence. Therefore, the Committee approved the following:

"That the Licensing Committee approved the actions taken by the City Clerk in issuing a Second Level Lodging House Licence to Danielle and Frank Ivankovic for 44 Proctor Boulevard.

Mr. Jack Jones was recorded as opposed to this motion.

### - RECOMMENDATION -

**DATE:** 1996 February 7

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Taxicab Priority List Annual Renewal for 1995

**RECOMMENDATION:**

a) That the attached list of 208 names of individuals who have applied for renewal of their names on the Taxicab Priority List for 1995, in accordance with By-law 93-069, be approved.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

For the year ending December 31, 1994, 228 persons were approved on the Taxicab Priority List.

Between January 1, 1995 and September 30, 1995, 182 persons had paid the \$60.00 fee to maintain their names on the Taxicab Priority List. The Taxicab By-law also provides for a late payment fee of \$100.00 after September 30, 1995 and on or before December 31, 1995. Reminder Notices were forwarded to the 44 individuals, who had not paid the fee of \$60.00 by September 30, 1995. The addresses of these 44 individuals were checked with the existing licence records for any address change. Three letters were returned by the Post Office as undelivered. All three taxicab brokerages were contacted, but two individuals have not been located. Twenty-six individuals renewed their name on the Taxicab Priority List between October 1, 1995 and December 31, 1995

As a result, the names of 18 persons have been removed from the Taxicab Priority List. There is a total of 208 individuals who are requesting that their names be approved for the 1995 Taxicab Priority List.

## CITY OF HAMILTON

### - RECOMMENDATION -

**DATE:** 1996 February 7

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** J. J. Schatz  
City Clerk

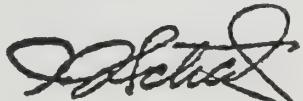

**SUBJECT:** Taxicab Priority List

**RECOMMENDATION:**

That the City of Hamilton's Taxicab Priority List be amended to reinstate the following two individuals on this list:

Bruce Griffith and Daniel C. Veltri

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

As indicated in the attached letters, Daniel Veltri and Bruce Griffith have been on the Taxicab Priority List since 1981 and 1984, respectively.

Both these individuals state that they had not received the notice that City Hall would be closed the week of December 25, 1995. They attended City Hall on December 27, 1996 to renew their name on the Priority List and were informed by a staff member who was on duty at the reception desk that City Hall would be opened on January 2, 1996 and could renew it at that time.

Mr. Veltri and Mr. Griffith attended City Hall on the week of January 1, 1996. They were informed that their name had been removed from the Priority List and would have to submit a letter of explanation, respecting this matter.

JJS/DB 

Jan 4/96

Mr. Joe Schatz:

My name is Bruce Griffith. My name has been on ~~at~~ the taxi priority list since 1984. This year, I moved to a different address and was sure I had notified the City Hall of this. The time came to renew my name on the priority list and when I went to the City Hall on Dec./95 (27th), I was informed that the City Hall was closed until after New Years. When I went back on Jan. 2/96 I was told that I was too late to put my name on the list. Apparently, my change of address was not in the computer, and I never received a letter stating that the City Hall would be closed at the end of the year. It would appear that possibly I was mistaken about informing City Hall of my change of address.

The reason I am making this letter is to see if it would be possible to make an exception in this case, to extend the time allowed to put my name back on the list, and on my part, I will try not to leave it until the end of the year to see about renewing my name on the priority list, so the possibility of this happening again would be non-existent. Again, I stress the oversight was probably my mistake and I will try to get this taken care of sooner in 1996 so this doesn't happen again. I appreciate your time taken with this and I hope the situation can be rectified.

Yours Sincerely

Bruce Griffith

TAXI PRIORITY LIST

ATTENTION- Mr. J. SCHATZ

DEAR SIR - My name is Daniel CHARLES VELTRI. I have been on the taxi priority list since 1981, ( 15 years ) I have in the past and also for 1995 have went to City Hall Licencyng to pay my fee after Christmas, 27th to 30th of December. This year City Hall happened to be closed since Dec. 22nd / 95. I went there on Dec. 27th and found it was closed, I then phoned the emergency phone number and was told City Hall closed early this year and to contact Licencing Jan. 3rd/ 96. I went to the licencing Dept. on Jan.3rd, and found out from one of the Taxi Licence officer, that letters went out to all cab drivers, stating that they would be closed earlier this year. I DID NOT receive such a notice. He then checked the computer, and my name and address was not registered. He then told me it was a mistake and forwarded me to yourself Sir - Mr. J. Schatz. I hope that we can straighten this mistake out please.

My address - 1089 Main Street East.

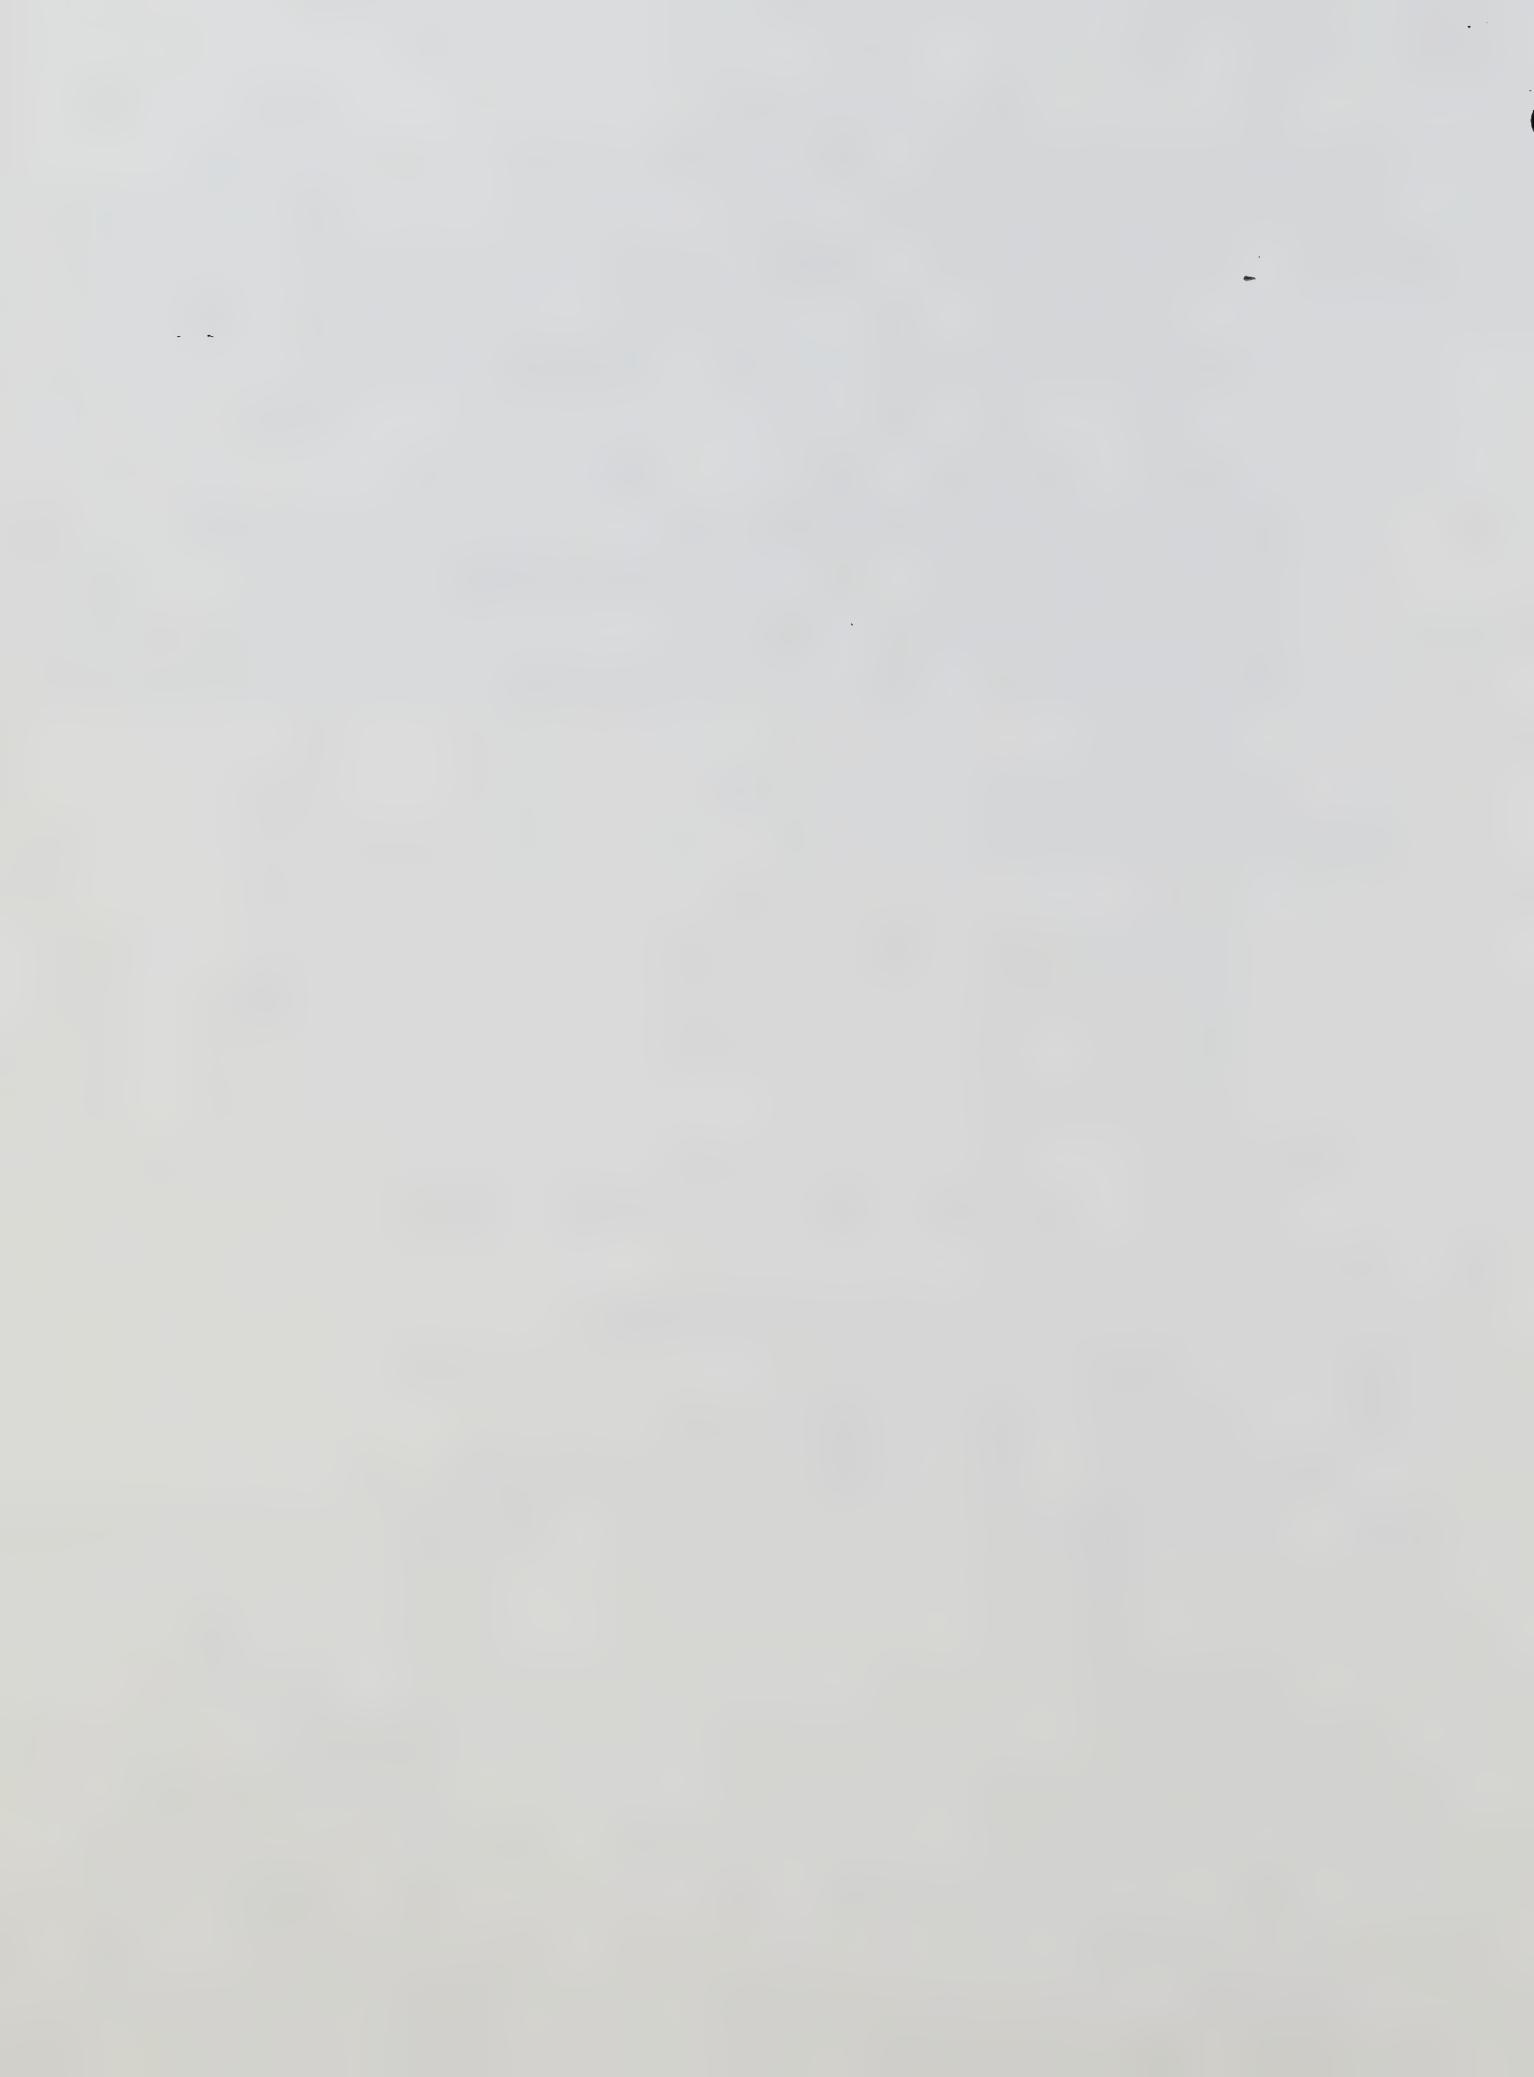

Hamilton Ontario. Phone- 549-6016.

THANK-YOU SINCERELY

DANIEL C. VELTRI.

**DATE:** 1996 March 5

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Driver Education Course

### **BACKGROUND:**

At its meeting of February 14, 1996, the Licence Committee directed staff to investigate Driver Education Courses for taxicab drivers who are put on probation by this Committee as a result of driving infractions.

Defensive Driving Courses are offered by most Driving Schools in the Hamilton area. They are Ontario Safety League Courses that take up to 6 hours for classroom sessions and 1-2 hours of road instruction. Upon completion of the one day course the student receives an Ontario Safety League Certificate. The courses vary in cost from \$150. to \$200.

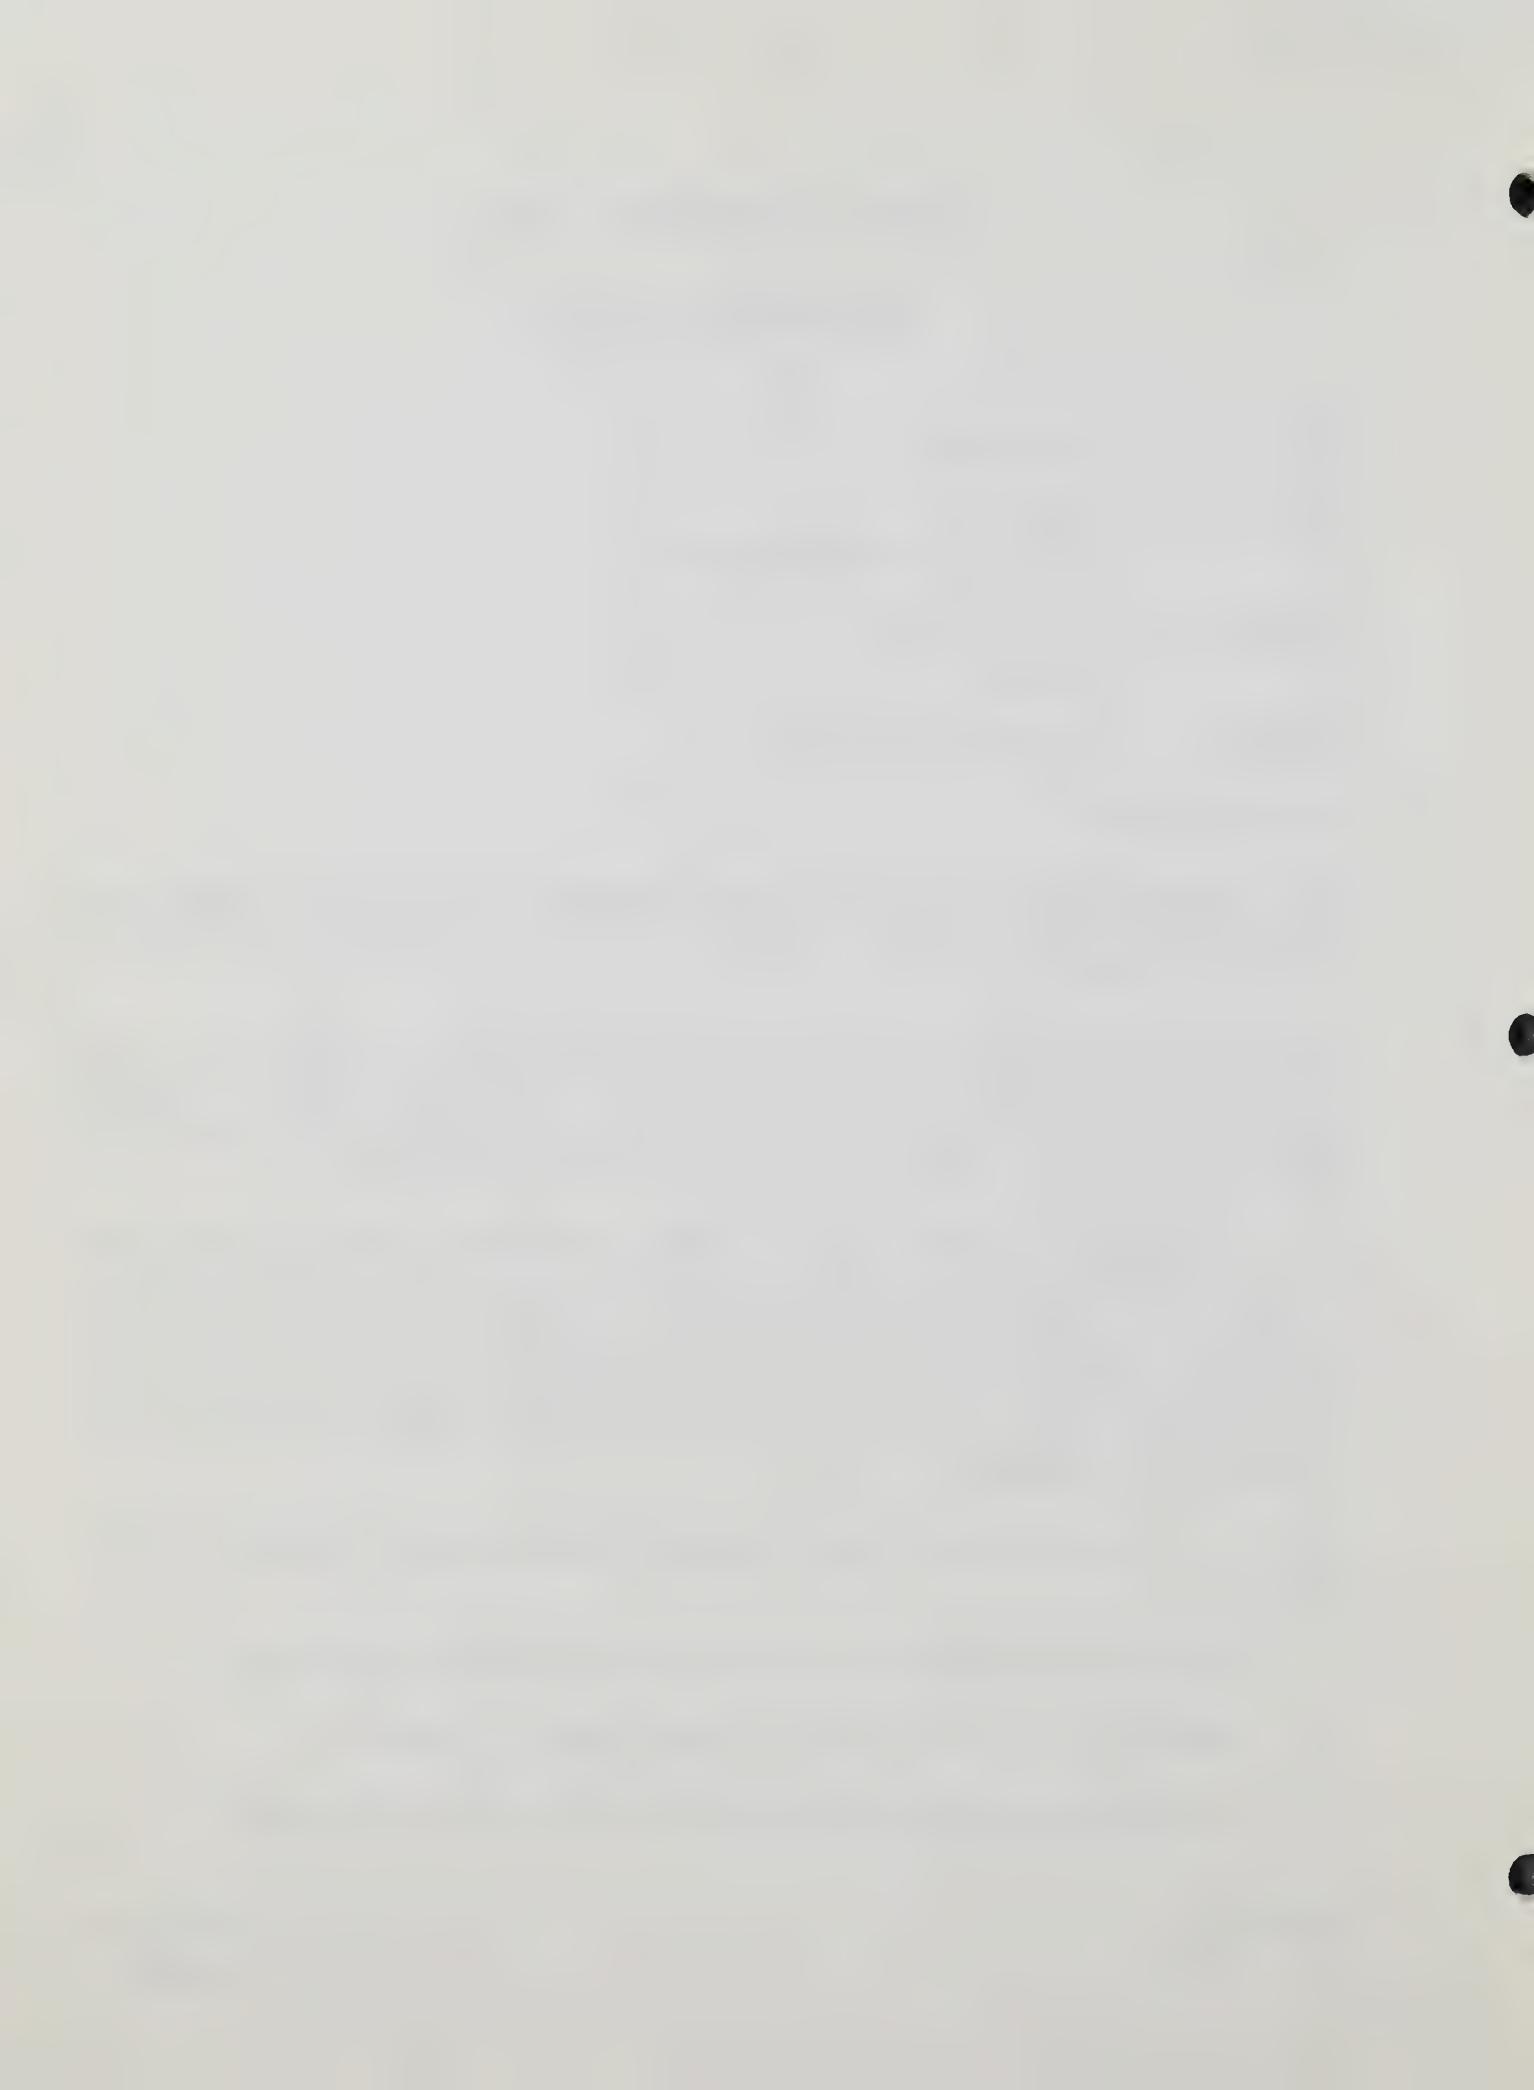

The Law Department has advised that, as a result of Bill 26 being enacted, conditions, such as a required driver training course, may be imposed on a taxi driver licence. These conditions are subject to the authority which the municipality will be granted under Bill 26. Depending on the severity of the driving record, it is expected that the Licensing Committee will have the power to either suspend a cab driver's licence until he provides proof that he has completed the course or permit the licensee to continue driving but require that he attend this course and provide proof of completion.

In addition, the Committees may wish to consider the following options, respecting Defensive Driver Courses:

- (1) certification of a taxicab driver before he is brought before the Committee;
- (2) certification of a taxicab driver, prior to being issued a license; and
- (3) certification of all licensed taxicab drivers, within a specific period of time.

**SUBJECT:** Driving Abstracts

**RECOMMENDATION:**

- (a) That the attached affidavit, respecting Statement of Driving Record, be authorized for use, until such time as the Ontario Public Service Employee Union Strike is concluded; and
- (b) That any conditional licence be rescinded, if the applicant submits a false affidavit or fails to provide the City with a Statement of Driving Record from the Ministry of Transportation once the strike has ended.

*J. J. Holloman Jr.  
J. J. Schatz*

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:**

N/A

**BACKGROUND:**

As a result of the Ontario Public Service Employee Union strike, the Ministry of Transportation is presently not supplying copies of driver abstracts.

As you are aware, the Licence Division requires all applicants for a City of Hamilton Taxicab driver, Livery Vehicle driver and Tow Truck driver licence to provide a current driving abstract in order to be considered for the issuance of such a licence.

In order to expedite the issuance of the licence during this period, it is recommended that applicants be permitted to file an affidavit which outlines the individuals driving record for the last five years. This process will permit individuals to obtain a probationary licence without causing undo hardship if he is required to wait until the strike has ended.

Once the strike is over, these individuals would be required to provide the required driving abstracts from the Ministry. If this abstract is identical to the information contained in the affidavit, a recommendation would be made to issue the permanent licence. However, if the abstract contains additional information to that given in the affidavit, a hearing would be schedule before the Licensing Committee.

**DATE:** 1996 April 4

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. J. J. Schatz  
City Clerk

**SUBJECT:** Second Hand Goods Licence

### BACKGROUND:

The Licence Division has reviewed Mr. Daley's submission, respecting the sale of second hand goods and we are of the opinion that a Second Hand Goods Licence is required. Mr. Daley was issued a Second Hand Licence on March 20, 1996.

Currently, the Second Hand Goods By-Law sets various classes of second hand goods and dealers that require a licence. The purpose behind the regulations in the By-law is to give the Police the ability to check vendors' records about how the goods were acquired. In particular, the Police are concerned that vendors may be receiving and selling stolen property. The Police Department monitor all second hand good shops and flea markets for stolen property. Vendors must keep records of purchase of goods, and retain the goods for a period of time before selling.

Mr. Daley is concerned that he was not being treated the same as large corporations, such as Canadian Tire that he believes sells second hand goods. There is an exception in the By-law that allows a company to accept trade-ins on the purchase of new goods without requiring a licence. For example, Canadian Tire accepts trade-ins on car parts such as carburetors that it reconditions. There is no licence required in this situation.

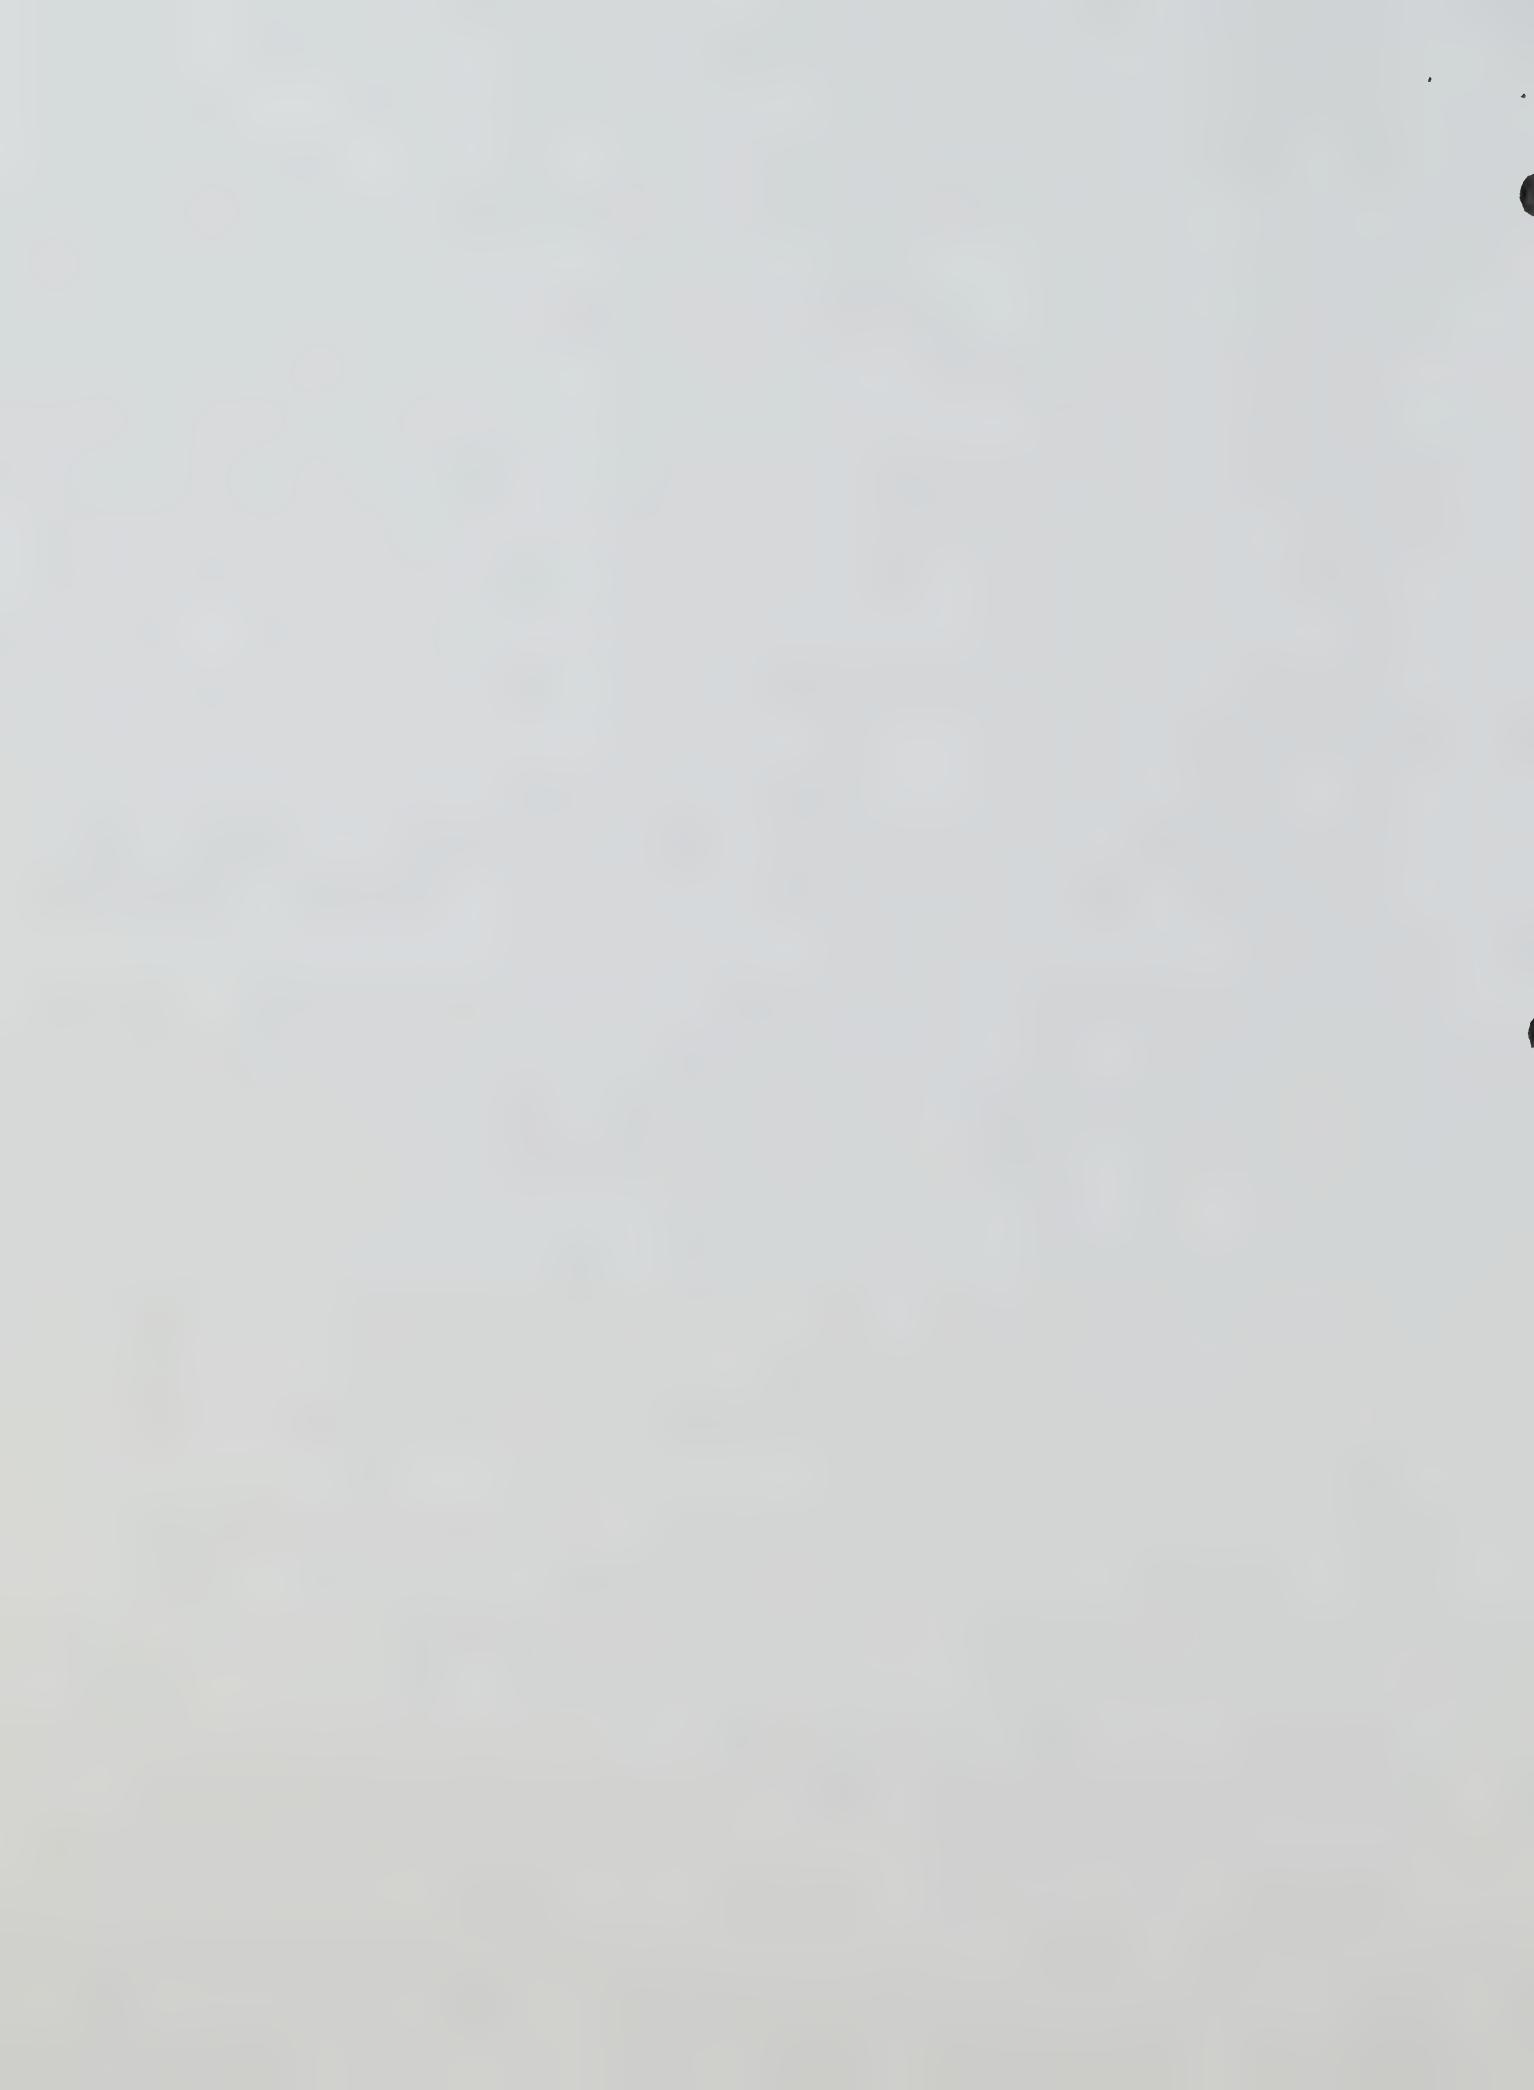

Other circumstances where a company would not need a Second Hand licence would include:

1. a retailer who is selling its demonstrators in used condition, or
2. a video rental business or library disposing of its used stock which had been newly acquired.

Mr. Daley operates his business at a Flea Market. The Police Department has identified flea markets as a high frequency location from which stolen goods are sold. Any person who is in the business of buying and selling second hand goods at a Flea Market requires a licence.

RE: City Bi-Laws

I have a small family oriented business I am starting and for the time have chosen to operate through a local flea market. My son rebuilds computers and we sell a few programs along with a mix of mainly new & trinkets, sporting goods, hardware, etc. When applying for a licence I was informed by "City Hall" if my contents of new stick was greater than my used I required only a Vendors Permit. Two weeks ago last Sunday, two people from the licensing department told me if I had as much as one used item at my booth the following week without a Used Goods Licence I would be charged and fined.

Monday morning I phoned the city again receiving the same reply as I on my first call. Being totally frustrated, I attempted to contact Doug Rowes, the head of the licensing department and finally contacted him late Tuesday afternoon. He informed me that what his department was telling me was incorrect and anyone who sells used goods at all requires a licence. His answer along with a talk I had with a Mr. Bob Morley posses a much larger problem.

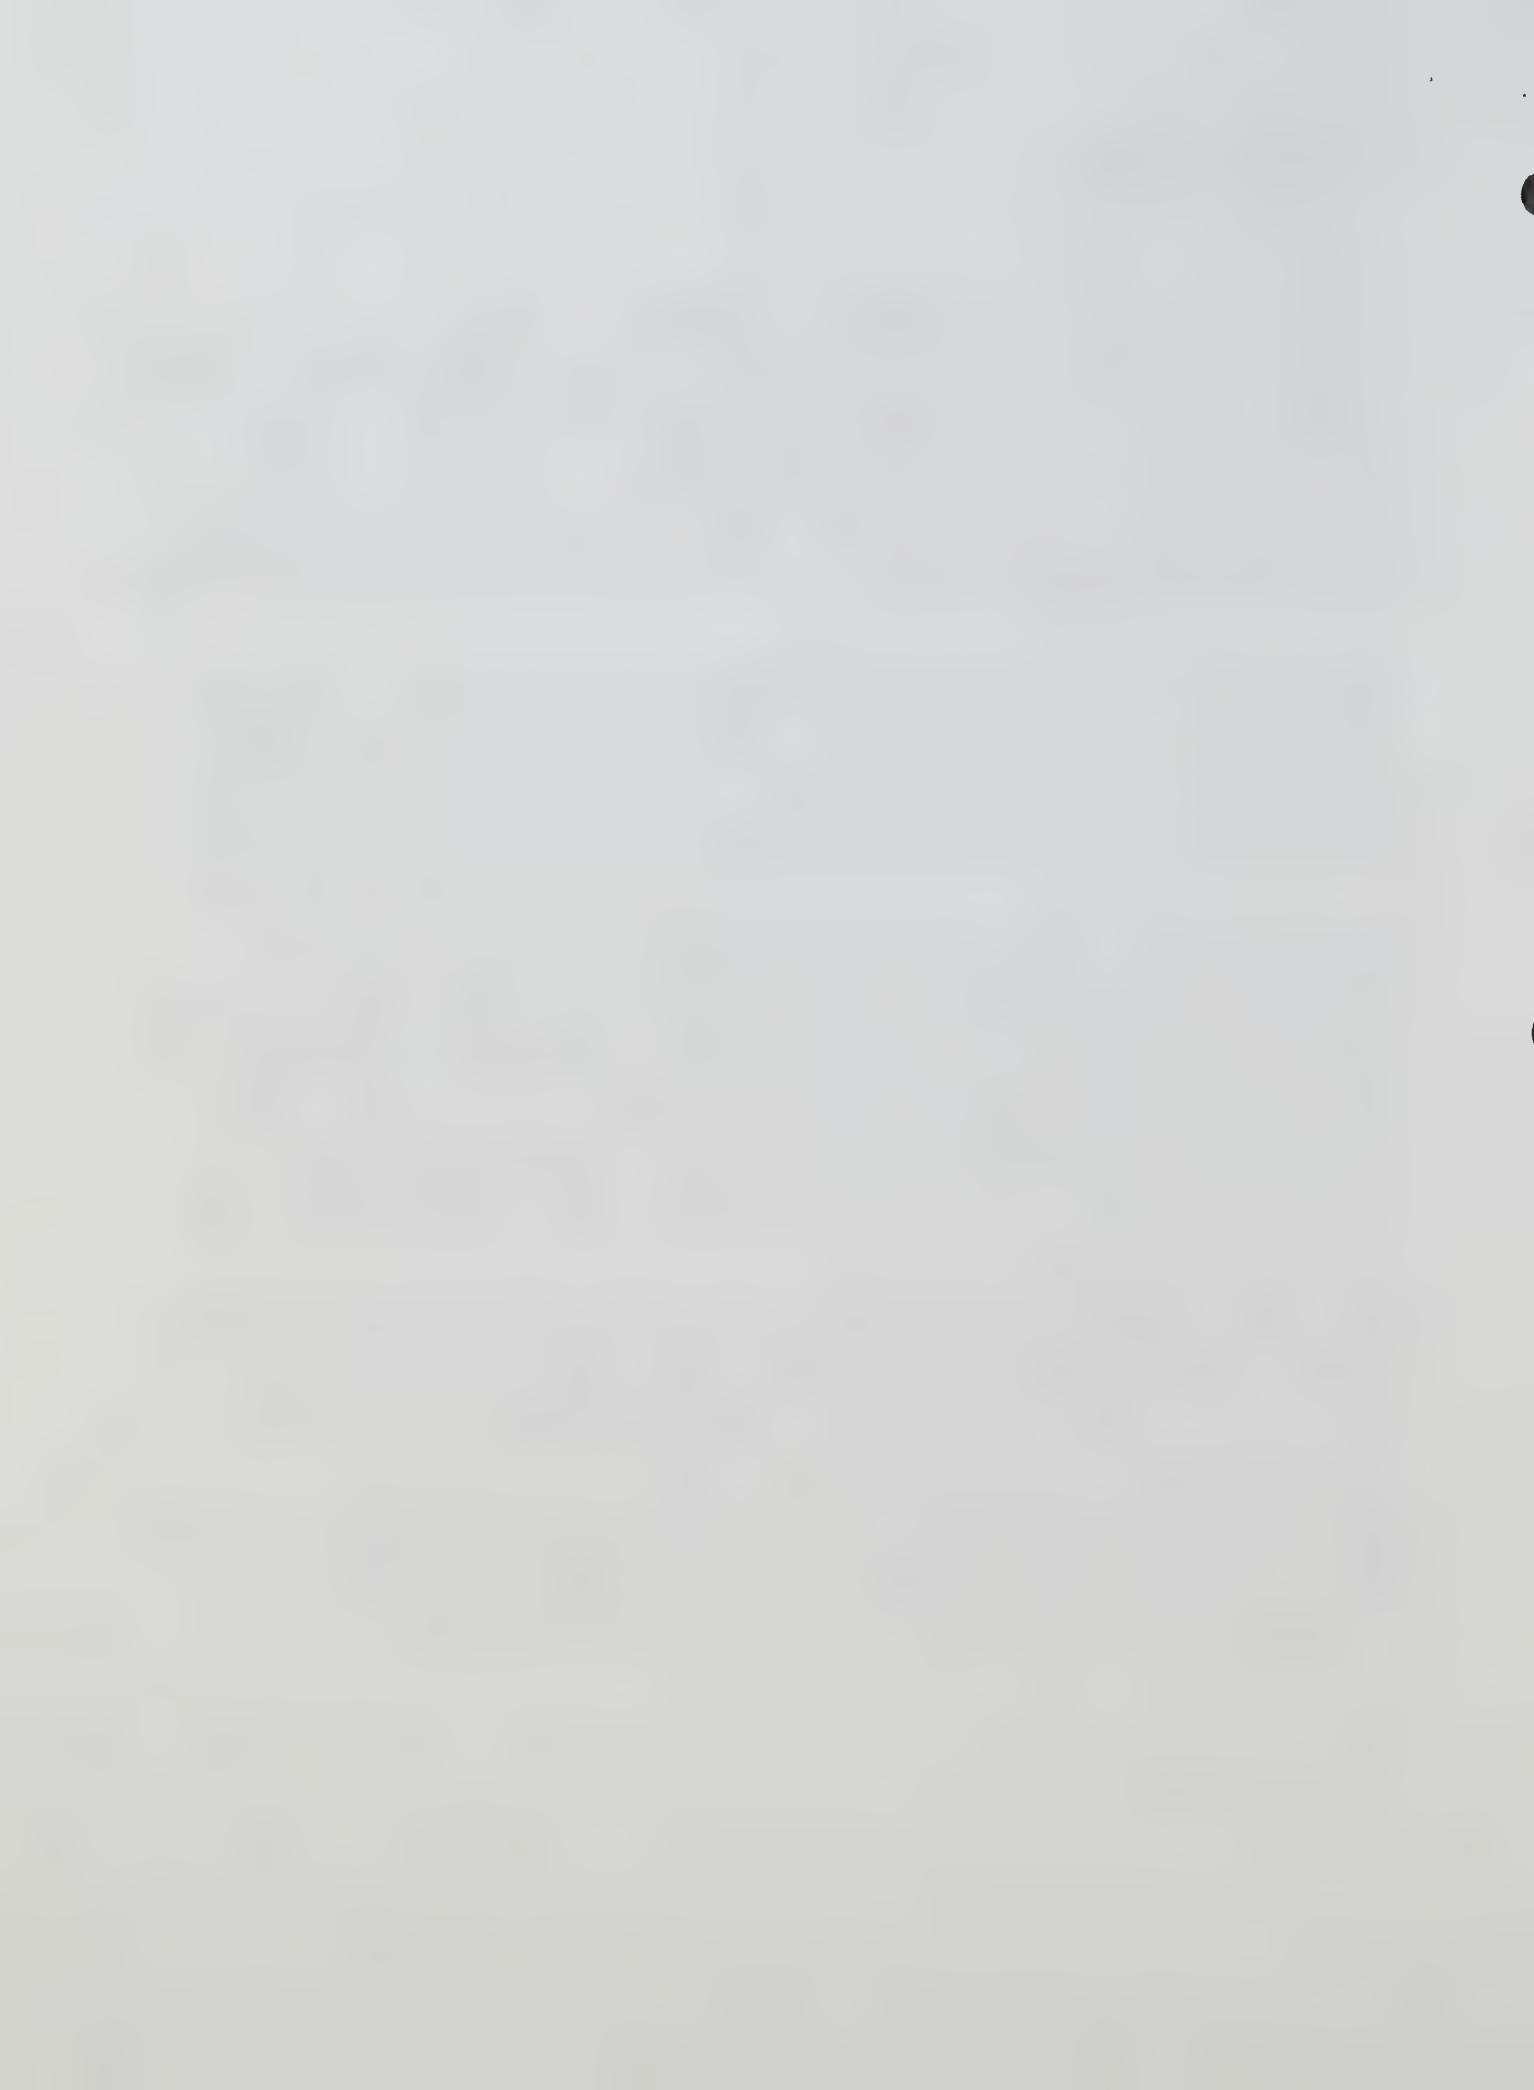

Asking about selling the reconditioned computers without the licence, I was told I could not as they were used when I purchased them for resale. When asked how Canadian Tire and some of the other stores can sell remanufactured goods without the Used Goods Licence I was told that it was different and that Canadian Tire buys from a large distributor. I was also asked what I associated the store with, (new or used)? Lines are definitely being drawn in this matter. Regardless of where the item is purchased the end result is the same, used goods being rebuilt and sold.

I also asked about K-Mart, Wal-Mart, Bi-Way Herbies etc. selling used goods without the licence, again the distribution factor came into the picture. I was also asked again to associate between new and used. It makes no difference where the used items are purchased. Used items are used items.

I was also asked why I obtained my licence if I felt what I was doing was legal. I was told I had to have the licence to operate in the city and if I did not get one I could not sell my goods. It is not the licence, but the principle of what is taking place that I have difficulty with. What is law for one must be law for all.

Alderman D. Wilson took the Chair and welcomed everyone to the meeting. He explained that this joint meeting of the Taxi Advisory Committee and Licensing Committee had been called to discuss Taxi Cab Trips, Point of Origin and Reciprocal Agreements.

Doug Rose gave the background to this matter, stating that Stoney Creek were presently considering amending their By-law and reconsidering Reciprocal Agreements. It was their intent to either formalize the Agreement or enforce their By-law.

Sue McGrath, Chief License Inspector for the City of Stoney Creek, advised that a request had been received from the local taxi industry, requesting the enforcement of the existing provision within the By-law.

Alderman Drury advised that this matter had been looked at several years ago and Regionalization of the taxi industry had been considered. He stated that if Stoney Creek enforced their By-law, then Hamilton would be in the position of having to do the same, which he did not feel was in the best interest of the taxi industry.

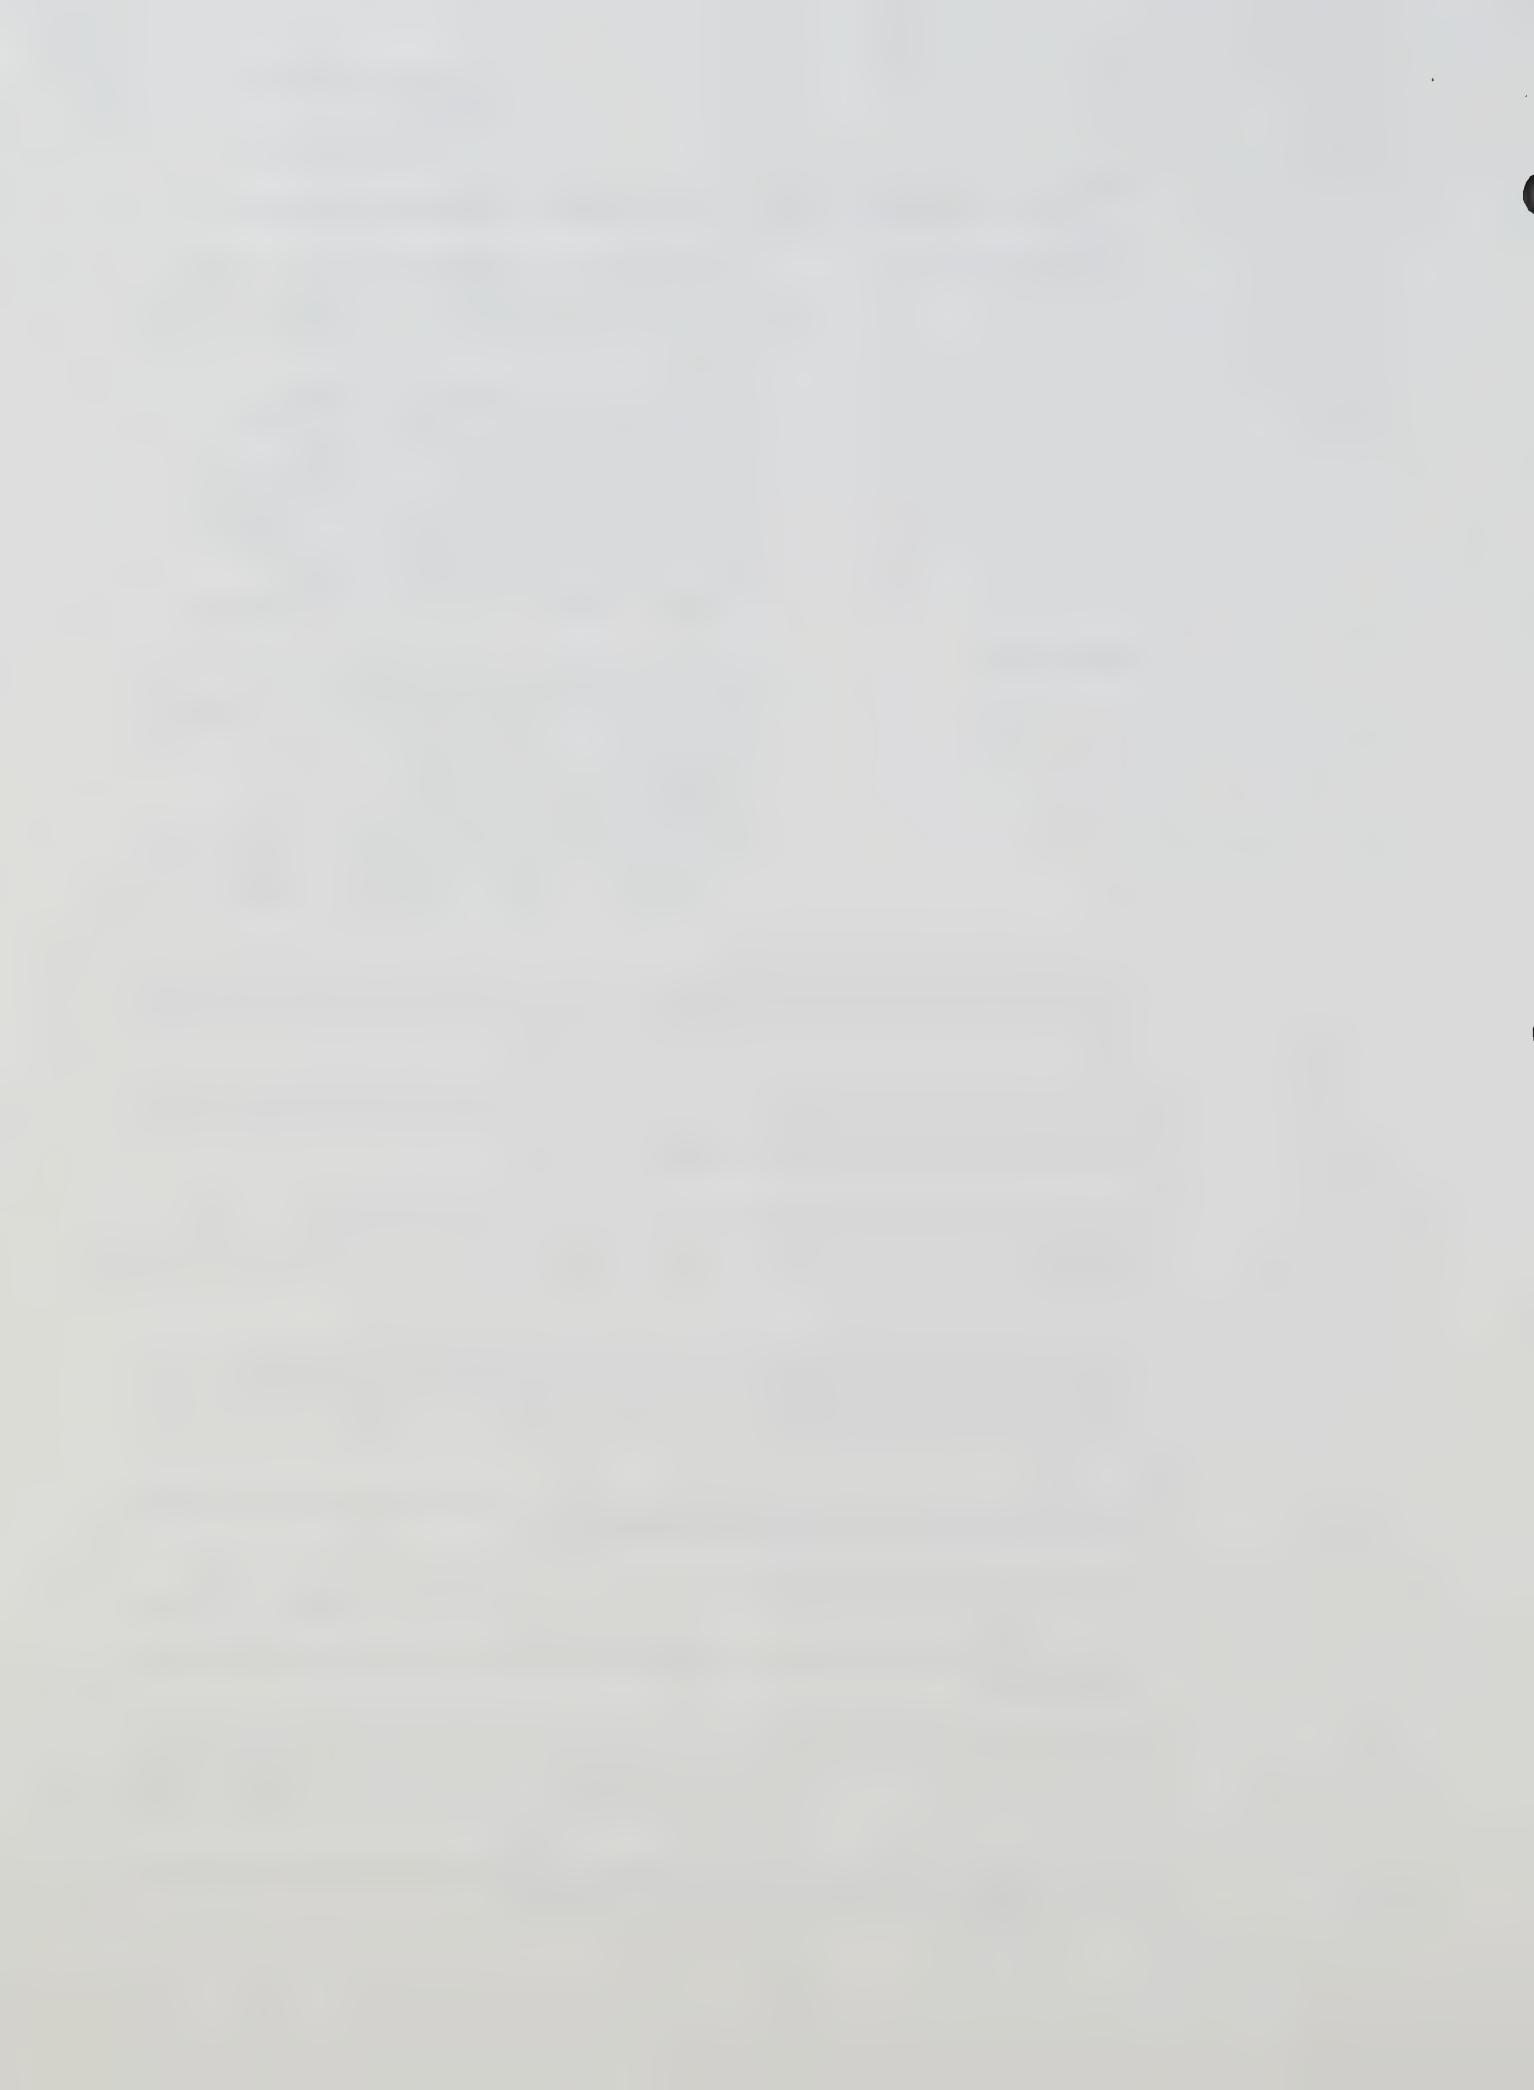

Bill Burke spoke against enforcement and he said he felt this would hurt the drivers rather than help, and he referred to the depressed state of the industry.

Doug Rose pointed out that enforcement of the By-law would create enforcement problems.

Anthony Rizzuto spoke against enforcement and said he felt the person calling the cab should be able to choose.

Ron VanKleef advised that he had interests in both Hamilton and Stoney Creek and he received complaints from both areas. He stated that a neutral zone would result in no winners for either side.

Councillor Pearson of Stoney Creek stated that her municipality was recognizing the request of the taxi industry who wished the boundary to be enforced.

That City of Hamilton Licensing Division staff communicate with the outlying communities to see if an agreement can be put in place with regard to point of origin of taxi cab trips and reciprocity.

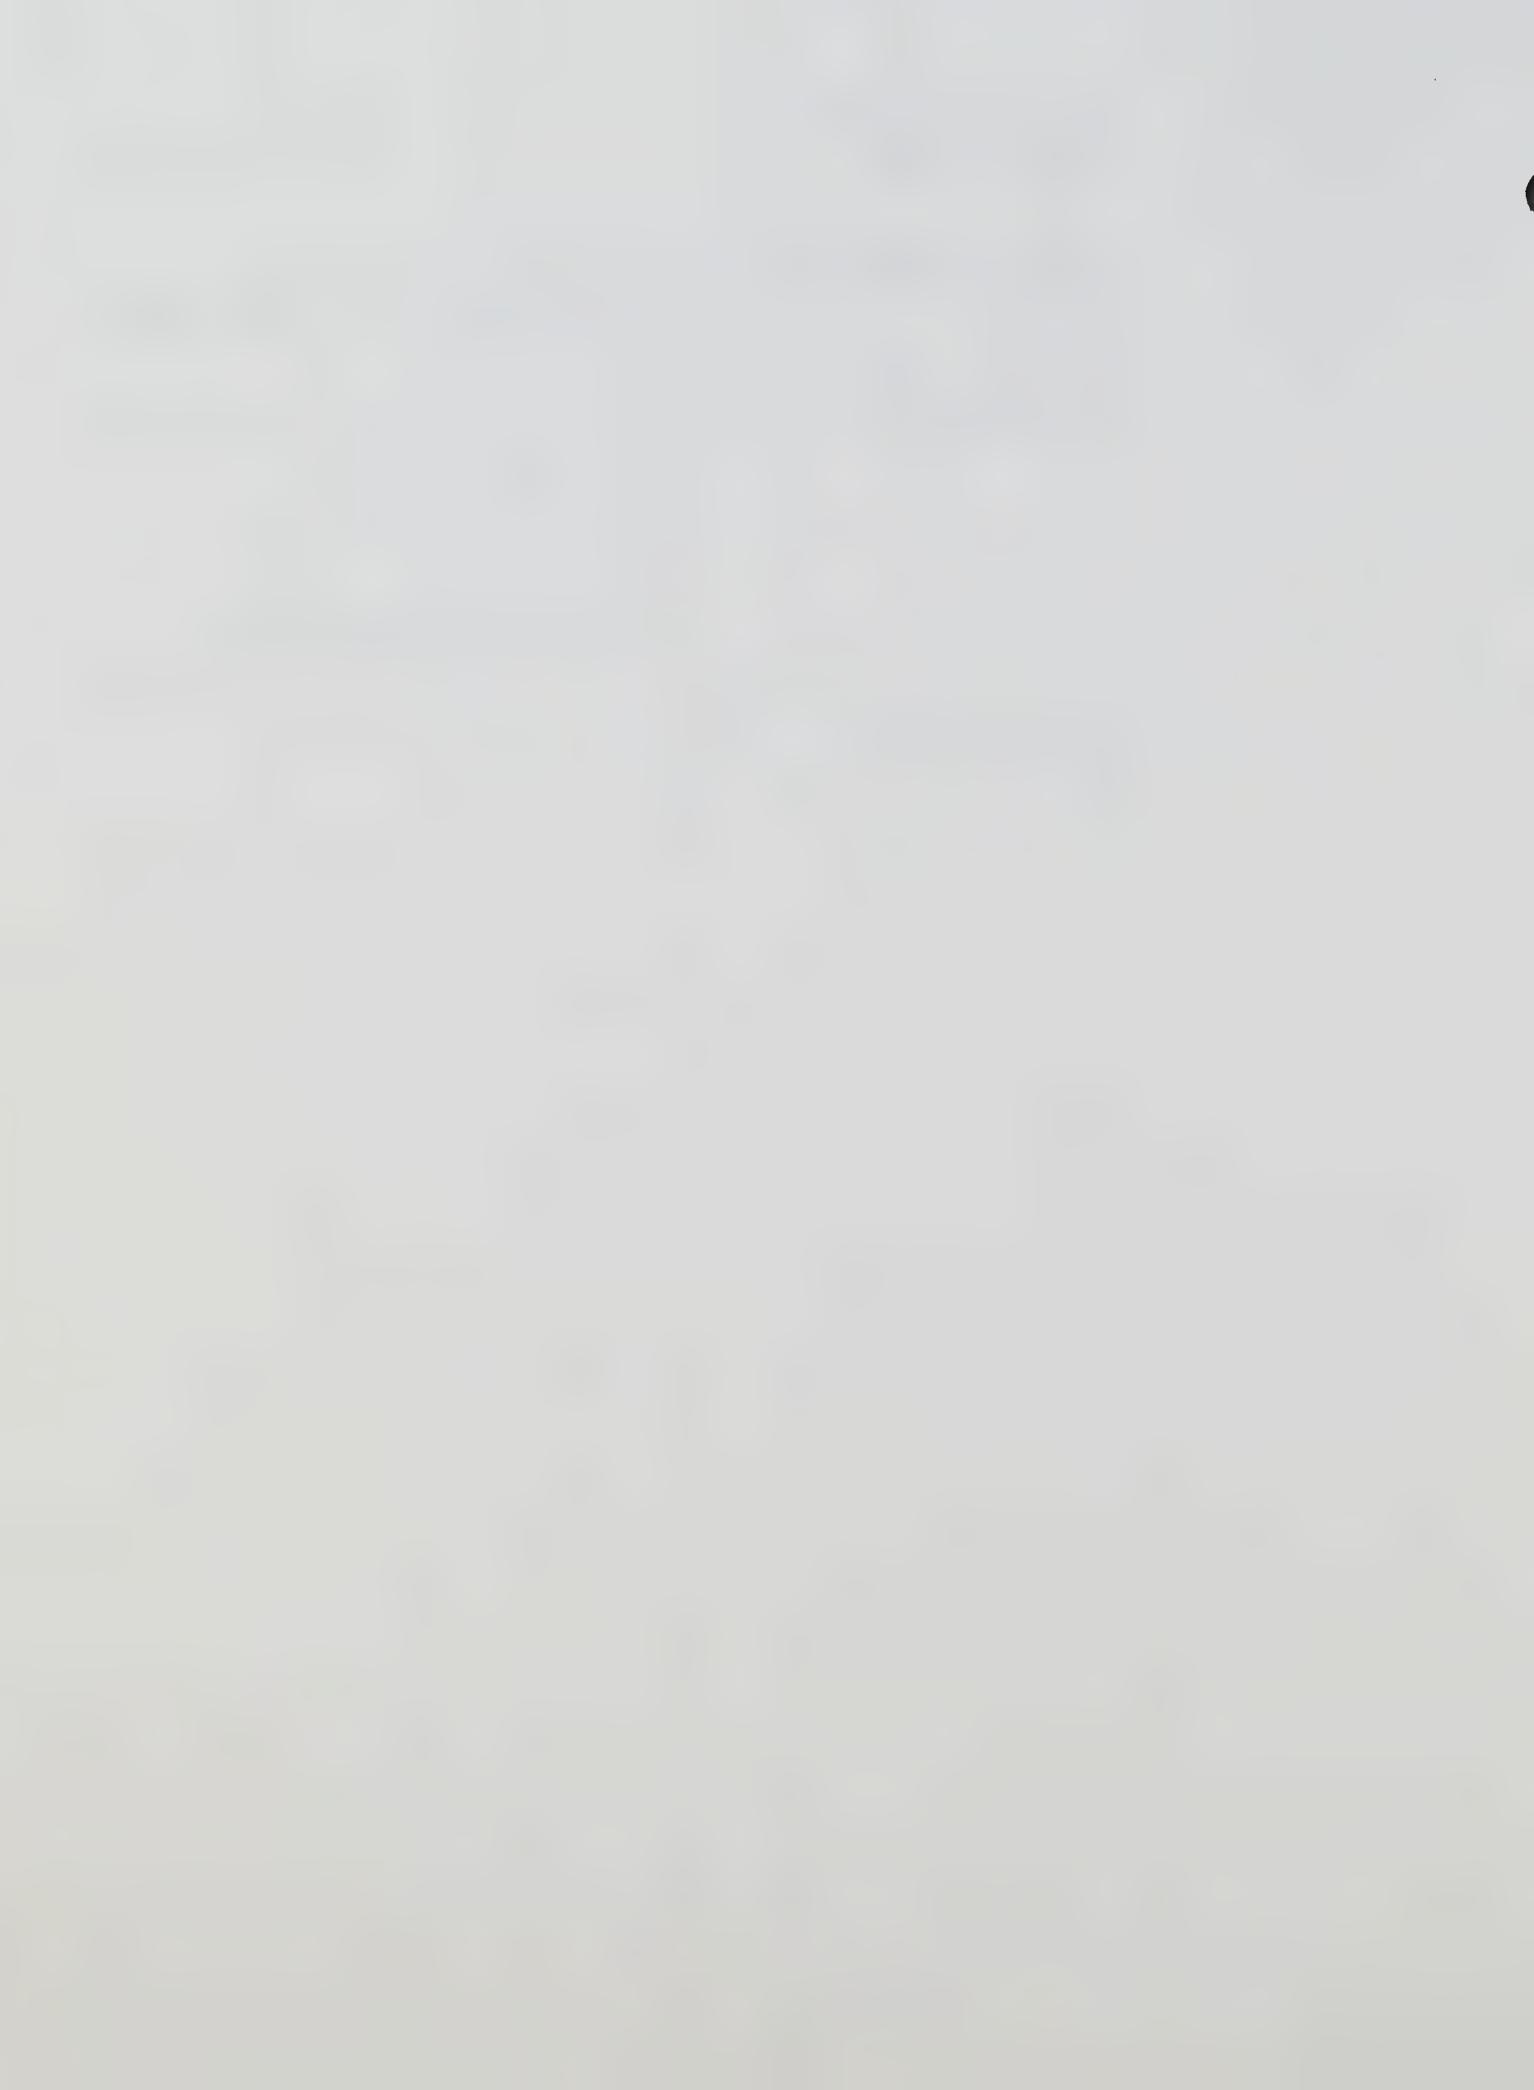

The Chairperson thanked everyone for coming and at this point, there being no further business, the meeting adjourned.

## DELEGATION

A. William Daley regarding Used Goods Licence

The Committee was in receipt of an Information Report dated 1996 April 4 from the City Clerk respecting Second Hand Goods Licences, together with a letter dated 1996 March 18 from Mr. William Daley respecting City By-laws.

Mr. Daley attended, together with Mr. Driscoll, a Flea Market Operator, and expressed concern that he was required to purchase a Second Hand Licence to sell his re-manufactured computers when larger corporations, such as Canadian Tire, Walmart, etc., who also sell re-manufactured goods and parts are not required to do so.

Doug Rose, the Chief Licence Inspector for the City, explained that the intent of the By-law was to provide the police with the ability to check where used goods had come from. However, he pointed out that Bill 26 had given new powers to the municipality and suggested bringing a report back to the Committee in this regard.

The Chairperson explained the intent of the By-law, and suggested that it be looked at in order that all businesses be treated equally. Mr. Rose will bring a report back to Committee for the next meeting to be held on Wednesday, 1996 May 8.

SUBJECT: Second Hand Goods Licence DATE: 1996 May 1

As you will recall, on April 10, 1996, the Committee directed staff to prepare a report in response to Mr. Daley's presentation, respecting the requirement for a Second Hand Goods licence for the sale of remanufactured computers at a flea market. He is of the opinion that he is not being treated the same as other computer stores or large corporations, such as Canadian Tire, that offer second hand or reconditioned goods for sale without a Second Hand licence.

As outlined in our report of April 10, 1996, there is a exemption in the Licensing By-law that permits a company to accept a trade-in on the purchase of new goods without requiring a licence. Businesses, which recondition trade-in merchandise and sell it, are not required to be licensed. However, businesses which buy used computers and recondition them for resale are required to be licensed. Mr. Daley operates his business in this latter manner and, therefore, requires a licence.

Vendors may also sell demonstration models, which were originally new merchandise, without requiring a licence. Another example is vendors, such as Blockbuster, Zellers and K-Mart, that offer previously viewed movies for sale. These movies were brought into the store new, rented out and then sold. No licence is required. Canadian Tire has confirmed that it accepts a trade-in on car parts with the purchase of new or reconditioned merchandise, such as starters or carburettors. It is not in the business of buying used parts and does not require a licence.

Detective Roulf, Pawn Officer, H.W.R.P., is responsible for inspecting Pawn and Second Hand Shops. He confirmed that stolen property can be sold quite easily at a flea market. Although inspections of flea markets are not always possible, he emphasized the importance of licensing these locations and the vendors maintaining proper record books and reports, as required in the By-law.

Mr. Daley also met with the Mayor to discuss the fees for Second Hand Goods licences, as well as possible changes to the By-law, such as the transfer of licences between flea markets, classification of second hand goods and exemptions of goods. Mr. Daley operates his business at a local flea market which is open once a week. He is requesting a reduced fee, since most Second Hand Goods shops are open six days a week. The Licence Division is reviewing Mr. Daily's request for a fee reduction and possible amendments to the By-law.

The fee for a Second Hand Goods licence was originally capped by the Municipal Act at \$20. Bill 26 removed the cap on a number of licence categories to allow municipalities to recover their costs. On March 26, 1996 City Council approved an increase in licence fees for all establishment licenses. The fee for a Second Hand Goods licence is now \$185.00 for a new applicant and \$135.00 for the renewal.

The Ontario Sports and Recreation Centre Inc. is licensed by the City of London to conduct a series of seventeen bingos from CFPL-TV London, May 11 to August 31, 1996. This charity has requested to sell bingo cards in the City of Hamilton and has provided a list of the leadership training programs being offered in this municipality.

Permission to sell the cards can be given if it is determined by the Committee that the use of the proceeds would be of benefit to the inhabitants of the City of Hamilton.

Dear Mr. Schatz:

Further to our request for approval from the City of Hamilton to sell Media Bingo cards for Wish 'N Win TV Bingo on BBS, we would appreciate an opportunity to provide you with a more detailed overview of the Wish 'N TV Bingo program and of the beneficiary of the funds generated, the Ontario Sports and Recreation Centre Inc.

The Ontario Sports and Recreation Centre serves as a focal point for the province's amateur sport and recreation community. The Centre houses 48 Provincial Sport Organization and 9 Recreation/Active Living Associations. 33 Non-resident Sport AssociationS are serviced through the Non-resident Sport Office of the Sport Services Division.

On a provincial level, the OSRC has a mandate to promote and develop sports and recreation in the province of Ontario by **providing services and facilities for provincial sport and recreation organizations and emerging provincial sport and provincial recreation organizations.**

Further, the OSRC provides programs and services to meet the needs of not only sport and recreation associations and their members, but also that of the general public.

Specifically, the following services are available to and benefit all communities across Ontario:

### Leadership Training Office

The Leadership Training Office (LTO) houses 4 very important programs which are offered not only to sport and recreation organizations, but to the general public as well. Local Municipal Recreation Departments, Community Colleges, Boards of Education, Sports and Recreation Organizations arrange for LTO staff to provide the programs at the local level. This Spring and Summer, these programs are being offered in your community.

- **The National Coaching Certification Program (NCCP)** is a five level program which prepares volunteer coaches with the theoretical, technical and practical skills and knowledge they require to provide coaching excellence.
- **The Fitness Ontario Leadership Program** is designed to provide quality professional development and leadership training opportunities for fitness leaders. Participants are provided specialty courses such as Exercise Design, Aquafitness, Strength Fitness, Fitness for children and Youth, Fitness for the Childbearing Years, Fitness for Active Healthy Aging and Training for Trainers.
- **The Sports Injury Prevention and Care Program** is a workshop that provides participants with guidelines and techniques for preventing and minimizing sports injuries and dealing effectively with those staff and volunteers who are directly involved in sport and recreation activities.
- **The Skills Program** is a national training program which offers a series of 7 workshops that focus on improving the effectiveness of non-profit organizations by enhancing the leadership and managerial skills of volunteers.

**Other services offered by the OSRC include:**

The F.A.M.E. (Female Athletes Motivating Excellence) program is a speakers bureau of female athletes, sports administrators, coaches and media representatives who serve as role models, encouraging young girls and women to become more involved in physical activity and sport.

The Sport and Recreation Resource Centre which provides information about all aspects of sport, fitness, recreation, safely is available to the general public as well as community and provincial organizations. Resources include current literature, audio-visual material and research information. Some of the resources which the Centre provides include:

- **SPORTS FIRST AID KIT** for trainers, coaches, schools and anyone responsible for recreation, sport or fitness events.
- **SPORT SAFETY INFORMATION KITS** for teachers, coaches, parents, children and anyone with an interest in fun, safe summer or winter activities. Helpful information for ensuring children's safety in winter activities like tobogganing, snowboarding, skiing, hypothermia or summer activities like swimming, baseball, boating.
- **YOUR FACILITY SAFETY PLAN**, a six manual set which helps provides organizers with the tools they need to review their existing safety plans, enhance their plans and develop and carry out a system of prevention that will provide adequate protection for staff, volunteers and members.
- **PROFESSIONAL'S GUIDE TO FITNESS SAFETY** which helps fitness professionals deal with such areas as client safety, training, emergency action plans and basic first aid.

- **TRAVELING SAFELY**, is an excellent tool for coaches, parents, teachers or anyone concerned about safely transporting young athletes to and from inter-school or inter-league events cross the city or across the province. Helps in the successful planning or a road trip from beginning to end.
- **SAFETY EXPRESS NEWSLETTER**, keeps you informed on safety issues. A recent issue of SAFETY EXPRESS NEWSLETTER discussed the importance of bicycle helmets which is now law for children under the age of sixteen. Some of the issues addressed included:
  - Did you know that parents will be held responsible for "knowingly" allowing children under the age of sixteen to ride without a helmet?
  - The helmet must comply with safety standards identified by a sticker printed on the inside of the helmet.
  - Although cyclists over eighteen are exempt from the law, all cyclists are encouraged to wear helmets.
  - Helmets are made in different shapes and sizes so shop around for one that fits:
  - It should fit level and square on the head, should feel snug and not move around.
  - If a helmet has been involved in a collision, it has done its job and should be replaced. Structural damage may not always be visible.

### **Safe Cycling**

- Ride predictably, following the rules of the road
- Be as visible as possible to other road users, by wearing bright or light coloured clothing
- Ensure that your bicycle is in good working condition
- Be equipped with safety devices such as a bell or horn, a white front light and a red rear light or reflector for riding between dusk and dawn.

### **Statistics on Bicycle Safety:**

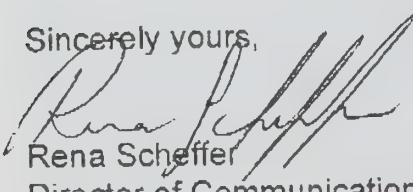

- About 12 people under 18 are killed in bicycle collisions every year
- About 1500 people under 18 are injured
- 75% of fatalities result from head injuries
- Helmets can reduce cycling related head injuries by up to 85%

Wish 'N Win TV Bingo is designed not only as an entertainment program for players and a fundraising vehicle for the OSRC, but also as a public education service. A portion of each show is dedicated to raising awareness about the importance of sport and recreation and its role in promoting self esteem, competence, fair play, discipline and opportunities for success. Each week, we focus on a different aspect of the programs and services offered by the OSRC in an effort to generate public interest in and support for amateur sport and recreation. For example, on May 4th, we devoted the show to the Ontario Special Olympics and the invaluable opportunities it offers to its 7,000 participating athletes. On May 11th, our show focused on the importance role that volunteer Coaches play in the lives of young people, and on the value of the NCCP as a resource to community Coaches. We also highlighted Bill Pargeter, who was just named Coach of the Year for the City of London.

The many sports and recreational organizations in City of Hamilton, as well as the Parks and Recreation Departments, Boards of Education, and indeed, the general public, do in fact benefit from the wide ranging resources, services and programs of the Ontario Sports and Recreation Centre. Our commitment to community-based service is strong and our training and educational programs are available upon request by local organization.

We hope that you will review the enclosed information and consider your decision to allow for the sale of Wish 'N Win TV Bingo tickets in your community. Please feel free to contact myself or Guy Bradbury, General Manager of the Ontario Sports and Recreation Centre at (416) 426-7000.

Sincerely yours,

Rena Scheffer  
Director of Communications

#### DELEGATION

a) **John Driscoll, Barton Street Flea Market Re: Second Hand Licence**

Mr. John Driscoll attended together with seven vendors from the Barton Street Flea Market and stated that he felt his Flea Market was being discriminated against. He cited cases of other flea markets operating without the restrictions which were imposed upon Barton Street Flea Market and said he felt there was a different set of rules for each flea market.

Mr. Driscoll referred to a request for a list of vendors which he had supplied and the subsequent Order to Comply which was issued as a result of more details being required. He requested that when an application is made for a licence, the owner should be given a copy of the By-law in order that he is aware of what is required.

Mr. Driscoll stated that he understood the issue of fees was to be placed before the Finance and Administration Committee, however, sometime had elapsed and this had not occurred.

Doug Rose, Chief Licence Inspector for the City responded and stated that the City Clerk's Licence Division had already responded to the concerns expressed in Mr. Driscoll's letter to the Mayor, and had answered all of his questions therein. He gave the background to visits which Licence Inspectors had made to the Barton Street Flea Market and advised that there was no inequity in the treatment of the Barton Street Flea Market or other flea markets in the City.

Referring to the matter of By-law changes which would ultimately be placed before the Finance and Administration Committee, Mr. Rose stated that his Department had reviewed other municipalities' by-laws and had consulted with the Hamilton-Wentworth Regional Police who wished a standard by-law for flea markets.

A meeting was scheduled for August 28 between other municipalities and the Hamilton-Wentworth Regional Police in order to draft this by-law. He advised that the police wished to make the restrictions tighter rather than more relaxed.

Mr. Rose stated that it would be mid-September before the Licence Division would be in a position to bring back a report with regard to by-law changes to the Finance and Administration Committee.

After consideration, the Committee agreed to receive the Delegation for Information and directed Staff to include public input into the draft Second Hand Licence (Flea Market) By-law.

## - RECOMMENDATION -

**DATE:** 1996 November 5

**REPORT TO:** Mrs. Stella Glover, Secretary  
Licensing Committee

**FROM:** Mr. S. G. Hollowell  
Acting City Clerk

**SUBJECT:** Pooling of Bingo Proceeds - Delta Bingo Hall

### RECOMMENDATION:

- (a) That the Delta Bingo Sponsors' Association be permitted to pool its' bingo revenue and share equally in the proceeds for a six month trial period, commencing January 1, 1997; and
- (b) That the Association submit a detailed plan of the implementation of this new procedure no later than December 6, 1996.

### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

As a result of additional financial reports which are required to be submitted, there will be an increase in responsibilities for lottery staff.

### BACKGROUND:

In March, 1995, the Gaming Control Commission issued new Terms and Conditions, regarding the pooling of bingo proceeds. Section 2.2(e) of the Bingo Terms and Conditions states that the Bingo Sponsors' Association, in consultation with the bingo hall owner/operator shall be responsible for administering the pooling of bingo proceeds in accordance with requirements set out by the director.

The Delta Bingo Sponsors' Association have requested to pool their bingo proceeds in order that all charities may share equally in the net proceeds. Pooling is only permitted when there is 100% participation of all charities conducting bingo events at the hall. A survey was conducted by staff and the results indicated that a large majority of the charities conducting bingo events at the Delta Bingo Hall were in favour of implementing pooling. Of the 57 licensed organizations, 46

charities agreed and 11 disagreed.

In order that staff may review these new procedures, it will be necessary for the Association to submit a detailed plan, outlining the financial controls and accounting procedures which will be implemented for the pooling of bingo funds. In addition, it is suggested that pooling be approved for trial period of six months in order to analysis the success of this new program.

## CITY OF HAMILTON

### - RECOMMENDATION -

**DATE:** 1996 November 6

**REPORT TO:** Stella Glover  
Secretary, Licensing Committee

**FROM:** Mr. S. G. Hollowell  
Acting City Clerk

**SUBJECT:** Promotional Scheme - R.I.D.E. Program

#### **RECOMMENDATION:**

That approval be given to the proposal for the R.I.D.E. Promotional Scheme, initiated by the Hamilton-Wentworth Regional Police Services and endorsed by the Veteran Taxicab Brokerage, to distribute a voucher for a specified amount off the price of a taxi ride during the 1996-97 Holiday Season, December 1, 1996 to January 6, 1997.

**FINANCIAL/STAFFING/LEGAL IMPLICATIONS:** N/A

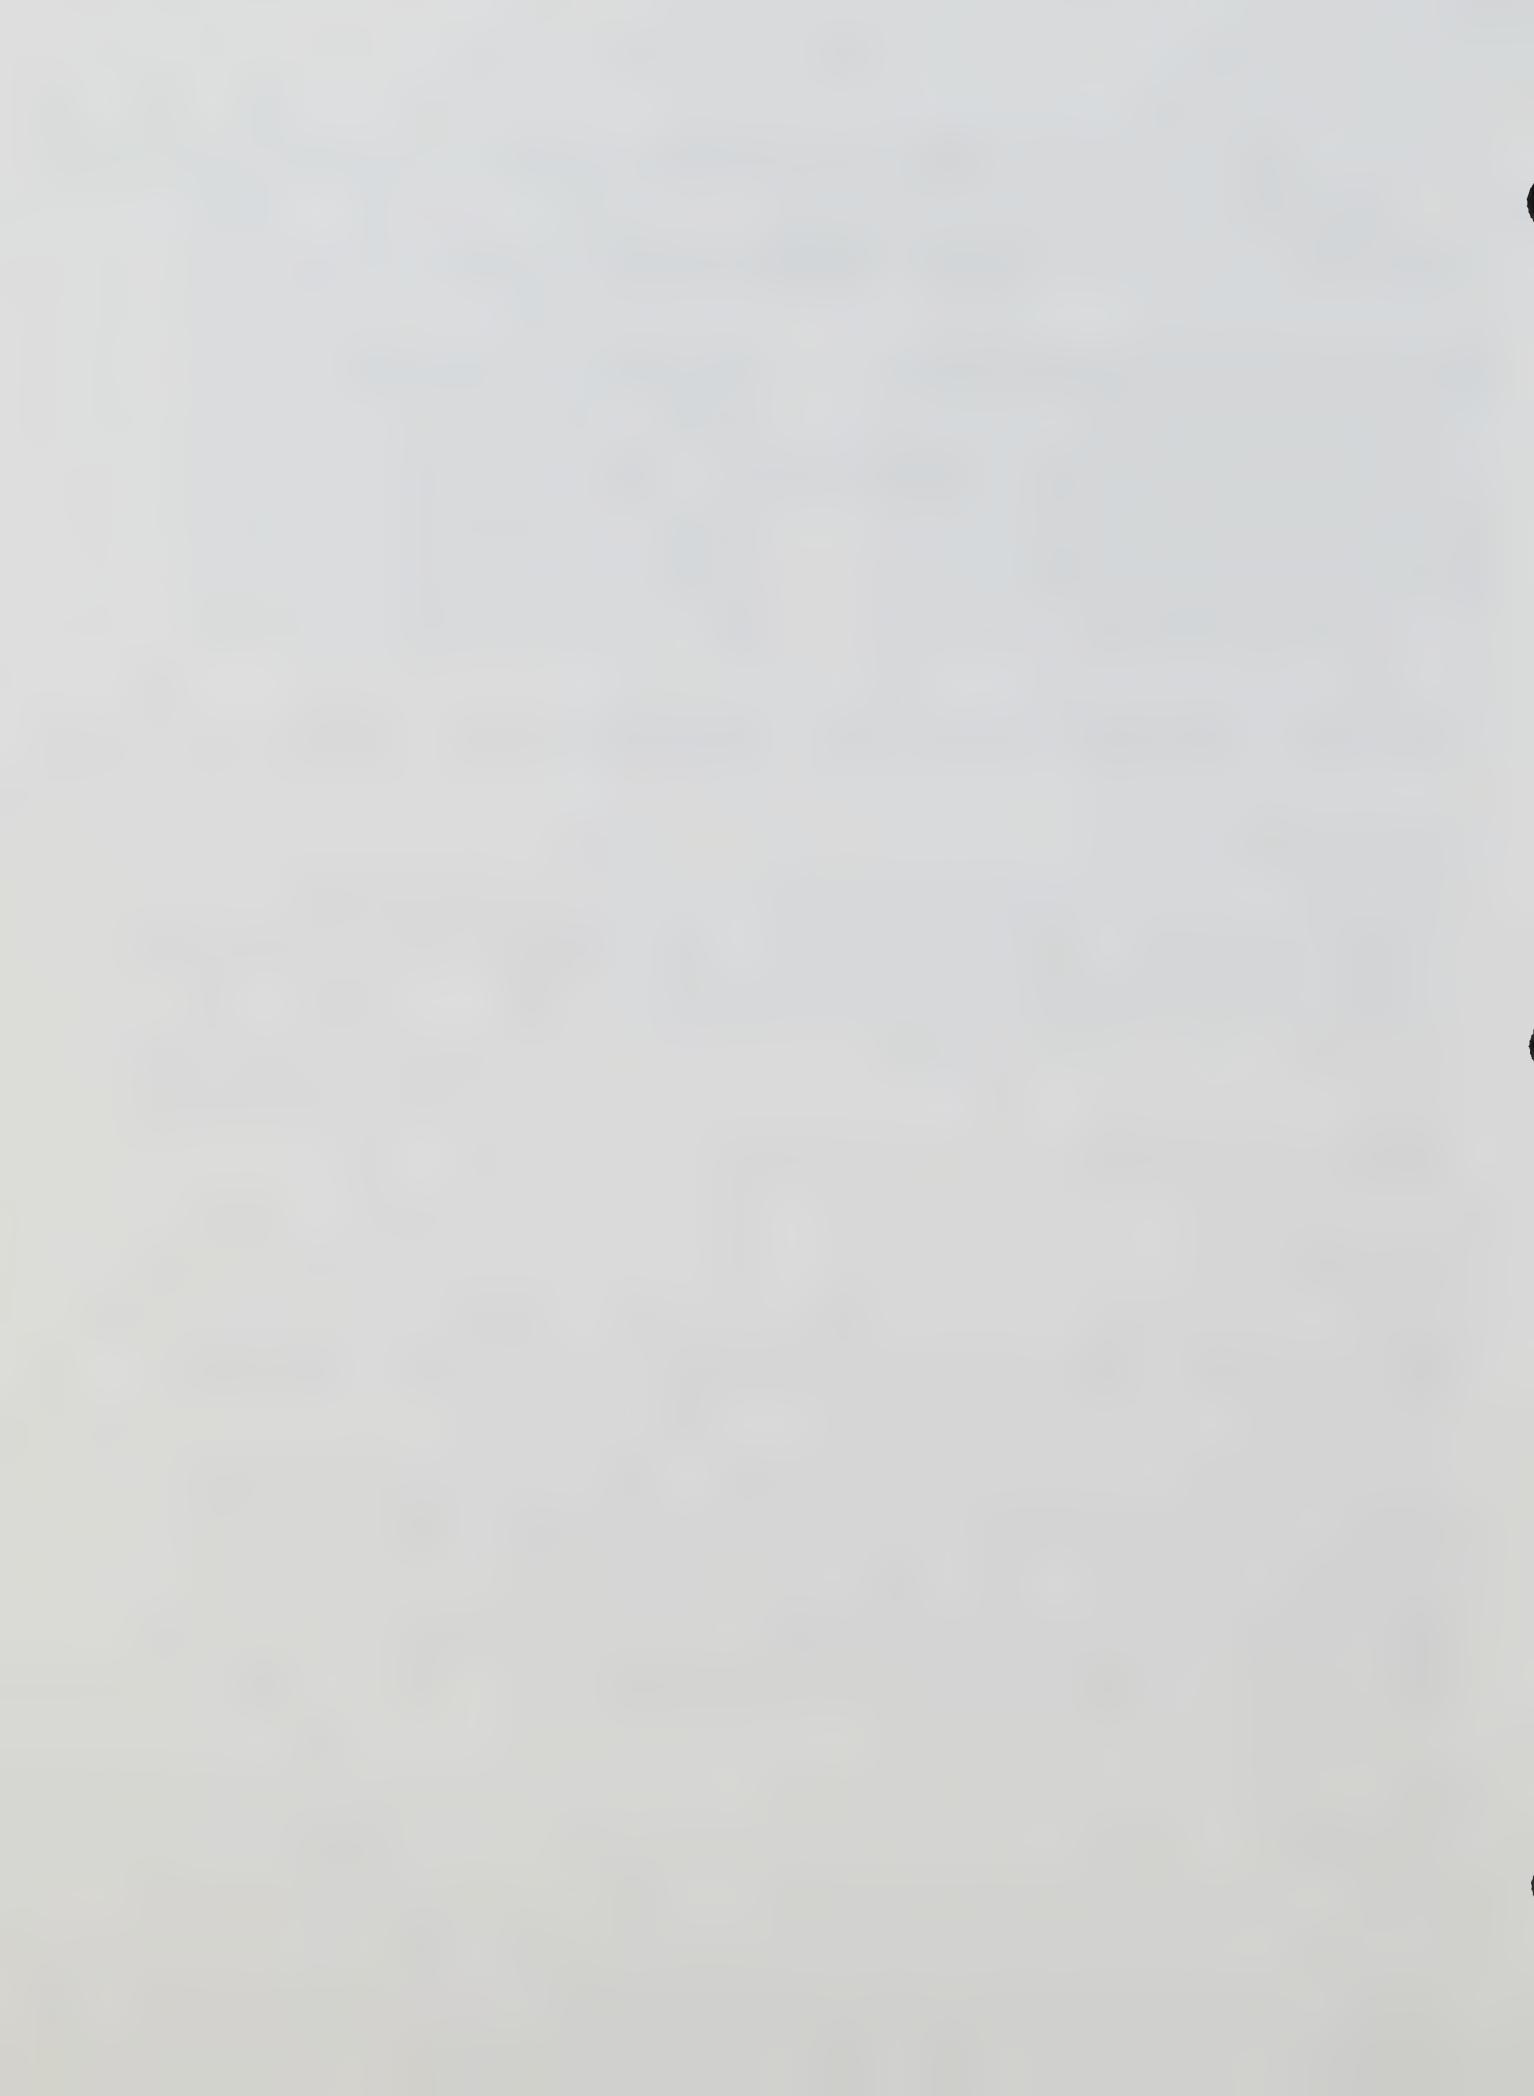

#### **BACKGROUND:**

The Licence By-law states that any Taxicab Broker, Owner or Driver who wishes to participate in a promotional scheme, which directly or indirectly subsidizes the taxicab rates or fares, requires the consent of the Licensing Committee.

As you may recall, the Licensing Committee approved a similar proposal for the R.I.D.E. Promotional Scheme during the 1994-95 and 1995-96 Holiday Seasons. The objective of this promotional scheme is to reduce the number of Impaired Drivers during the Holiday Season. Thousands of coupons were distributed by the H.W.R.P. and used by customers taking taxicabs in the Hamilton-Wentworth area. It was felt that the program was a great success and for the third year, the Hamilton-Wentworth Regional Police have requested approval for this promotional scheme for 1996-97 Holiday Season.
